Opener for corrugated tube, to disassemble corrugated tube screw connection, size Pg16

The illustration shows version WR-OEF-PG 21

Key commercial data

Packing unit	1 pc
Minimum order quantity	5 pc
GTIN	4 017918 134310
Weight per Piece (excluding packing)	6.5 GRM
Custom tariff number	82055980
Country of origin	Germany

Technical data

General

Pg screw connection	Pg16
Material	PA

Drawings

Dimensioned drawing
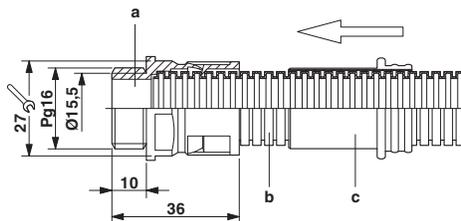

Assembly instructions for Pg16 corrugated pipe
a = Corrugated screw connection
B = Corrugated pipe
c = Opener
Installation note:
Cut the corrugated pipe in the groove to retain a round shape for insertion. The lighter seal (not depicted in the illustration) is positioned in the corrugated pipe screw connection below the safety latch. The darker outer seal (not depicted in the illustration) is placed over the corrugated pipe screw connection from outside. The corrugated pipe is then pushed as far as possible into the corrugated pipe screw connection and clicks into place. The screw connection is opened by placing the yellow corrugated pipe opener with force between the safety latch and the corrugated tube and the corrugated pipe is then pulled out.
